Next Steps

Phased Return

Phase 1

Phase 1

- Starts 4/27/2020
- Goal of 50% reduction in on-site workforce from pre-COVID levels
- 6 ft spacing between work stations and lines of service (ie. customer lines)
- Mask use should continue; Gloves for employees
- Active screening of employees (and patients in medical offices)

Phase 2

Phase 2

- Continue telework for as many employees as possible. Goal of no more than 75% of workforce returns on-site
- Mask use should continue
- 6 ft spacing for any lines of service
- Active screening of employees (and patients in medical offices)

Phase 3

Phase 3

- Return to usual in-office workforce-100%
- Mask use should be encouraged but not required
- Safe spacing for any lines of service
- Active screening of employees (and patients in medical offices)

Phase 4

Phase 4

- No restrictions
- Continue good hand hygiene education and stay-at-home for the sick
